Human Development
UNIVERSITY of ALASKA ANCHORAGE

It is my pleasure to know and have worked with Lieutenant Arthur Dunn over the past few years. Lt. Dunn has been an inspirational and compassion leader as well as a highly skilled officer and trainer. While serving in his law enforcement career, Lt. Dunn recognized the benefit and the need for law enforcement as well as the general community, to learn Mental Health First Aid.

As an instructor for Mental Health First Aid, Mental Health First Aid for Public Safety, and through his contributions to the Alaska State Trooper Academy as well as the Crisis Intervention Team training events in Alaska, Lt. Dunn has brought invaluable experience and information to the participants. In his role as instructor for other law enforcement departments and entities, his passion and intelligence have been instrumental in assisting law enforcement personnel recognize crisis apart from criminal behavior. These efforts result in less use of force, less engagement with emergency services, increased officer safety and overall increase in awareness of self-care needs of those working in public safety roles.

Lt. Dunn is one of those unique individuals who can reach a wide audience and engage people in realistic, practical and compassion discussions and truly makes an impact. I highly recommend him as a trainer, speaker, and a hands-on consultant who can bring positive changes to a broad audience, department, or agency.

Most Sincerely,

Jill D. Ramsey, M.S., C.P.R.P.
